15. Quality Assurance and Continuous Improvement

1. OUR VISION

American Ditek University Institute aspires to be a premier centre of excellence in research, professional education and innovation in the social and management sciences, contributing decisively to sustainable socio-economic development in Cameroon, Central Africa and the global community.

- Delivering high-quality, industry-relevant professional training that produces graduates who are ethical, competent and globally competitive.
- Enriching the intellectual and technological environment to foster exceptional professional knowledge, analytical capacity and leadership competencies.
- Designing and continuously improving rigorous, practice-oriented degree programmes that meet national and international standards.
- Upholding the highest ethical standards, integrity, accountability and social responsibility in all academic and administrative activities.

2. OUR MISSION

The School of Social and Management Sciences is committed to promoting advanced knowledge, professional practice, applied research and community engagement in the fields of accounting, finance, management, human resources, project management and logistics. We seek to develop in every student the ability and passion to work wisely, creatively and effectively for the economic, social and organisational well-being of society.

3. OBJECTIVES OF THE PROGRAMMES

1. To produce professionally competent graduates equipped with theoretical knowledge, practical skills and ethical values required in modern business and public organisations.
2. To provide pathways for holders of Higher National Diplomas (HND) and equivalent qualifications to obtain full Bachelor of Science degrees through structured Top-Up programmes.
3. To offer postgraduate education that develops advanced analytical, research and leadership capabilities for middle and senior management roles.
4. To foster a culture of continuous professional development, entrepreneurship and lifelong learning.
5. To contribute to national development through relevant research, consultancy and community service.

4. DEGREE PROGRAMMES OFFERED

The School of Social and Management Sciences currently offers the following programmes:

Professional Bachelor of Science (BSc) Programmes (3–4 years)

- Professional Bachelor of Science in Accounting
- Professional Bachelor of Science in Banking and Finance
- Professional Bachelor of Science in Management
- Professional Bachelor of Science in Transport and Logistics

One-Year Top-Up Bachelor of Science Programmes

- BSc Accounting (Top-Up)
- BSc Banking and Finance (Top-Up)
- BSc Human Resource Management (Top-Up)
- BSc Project Management (Top-Up)
- BSc Transport and Logistics (Top-Up)

Master of Science (MSc) Programmes (2 years)

- MSc Accounting
- MSc Banking and Finance
- MSc Management
- MSc Human Resource Management
- MSc Project Management
- MSc Transport and Logistics Management

5. DURATION OF THE DEGREE PROGRAMMES

Professional Bachelor of Science programmes: Three (3) or four (4) academic years depending on the entry pathway and specialty, structured in six or eight semesters.

Top-Up Bachelor of Science programmes: One (1) academic year comprising two intensive semesters.

Master of Science programmes: Two (2) academic years comprising four semesters, including a substantial research thesis.

6. ADMISSION REQUIREMENTS

6.1 Professional Bachelor of Science Programmes

The general admission requirements for entry into the Professional Bachelor of Science degree programmes are as follows:

- A pass in at least four Ordinary Level subjects (excluding Religious Studies) obtained in one sitting, plus a pass in at least two Advanced Level subjects obtained in one sitting; or the Baccalauréat (BACC) or any equivalent qualification recognised by the competent Cameroonian authority.
- Foreign qualifications must be accompanied by a Certificate of Equivalence issued by the Ministry of Higher Education of Cameroon.
- English language proficiency at Ordinary Level or equivalent.
- Submission of a current Curriculum Vitae, certified copies of academic certificates and transcripts, and a valid national identity card or passport.
- Applicants with a relevant Higher National Diploma (HND) or Advanced Diploma may be considered for advanced standing or credit transfer subject to departmental evaluation.
- Extra-curricular achievements, leadership experience and relevant work experience may be taken into account.

6.2 Top-Up Bachelor of Science Programmes

- A Higher National Diploma (HND), Advanced Diploma or equivalent qualification in a relevant field from a recognised institution.
- Minimum of two years of relevant professional experience is an advantage but not mandatory.
- Transcript evaluation and possible bridging courses as determined by the Department.

6.3 Master of Science Programmes

- A Bachelor’s degree (BSc or equivalent) in a relevant discipline with at least a Second Class Lower Division or a minimum GPA of 2.50 on a 4.00 scale.
- Applicants with a Third Class degree may be considered after successful completion of a postgraduate diploma or relevant professional experience of at least three years.
- Submission of a research interest statement, two academic or professional references, and proof of English proficiency where applicable.

7. TEACHING, LEARNING AND EVALUATION

Teaching is delivered through interactive lectures, tutorials, case studies, seminars, group projects, laboratory sessions (where applicable), industrial visits and supervised internships. Emphasis is placed on student-centred learning, problem-solving and the integration of theory with professional practice.

7.1 Grading System

Score (%)	Grade	Description	Grade Point
80 – 100	A	Distinction	4.00
70 – 79	B+	Upper Credit	3.50
60 – 69	B	Lower Credit	3.00
55 – 59	C+	Pass	2.50
50 – 54	C	Pass	2.00
45 – 49	D+	Fail	1.50
40 – 44	D	Fail	1.00
0 – 39	F	Fail	0.00

Assessment Weighting: Continuous Assessment (CA) 30 % | End-of-Semester Examination 70 %.

Continuous Assessment comprises class attendance and participation, assignments, quizzes, mid-semester tests and practical exercises.

7.2 Internship / Industrial Attachment Assessment

Component	Weight
Evaluation by Site Supervisor	60 %
Internship Report	20 %
Oral Presentation / Viva Voce	20 %

7.3 Final Year Research Project / Master's Thesis Assessment

Component	Weight
Written Project / Thesis Evaluation	70 %
Oral Defence before a Panel	30 %

8. GRADUATION REQUIREMENTS

8.1 Professional Bachelor of Science Degrees

To be awarded a Professional Bachelor of Science degree, a candidate must:

- Accumulate a minimum of 180 credit hours (or the programme-specific total stipulated in the curriculum tables) distributed across University Required Courses, Faculty Core Courses, Departmental Compulsory Courses, Electives and Internship/Research Project.
- Obtain a minimum cumulative grade point average (CGPA) of 2.00.
- Pass all compulsory and University Required Courses.
- Successfully complete the prescribed industrial internship / practicum and submit an acceptable internship report.
- Successfully complete and defend a final-year research project before a duly constituted panel.
- Clear all financial and administrative obligations to the Institute.

8.2 Top-Up Bachelor of Science Degrees

- Accumulate the required credit hours (typically 60–72 credits) as specified in the Top-Up curriculum.
- Obtain a minimum CGPA of 2.00.
- Successfully complete the research project and any prescribed professional practice seminar.

8.3 Master of Science Degrees

- Accumulate a minimum of 108 credit hours including course work and a 30-credit Master's Thesis.
- Obtain a minimum CGPA of 2.50.
- Successfully defend the Master's Thesis before a panel that includes at least one external examiner.
- Satisfy all other academic and administrative requirements.

9. UNIVERSITY-WIDE REQUIRED COURSES FOR PROFESSIONAL BACHELOR'S PROGRAMMES

In accordance with the standards of the University of Buea and the Ministry of Higher Education, all Professional Bachelor of Science students must successfully complete the following University Required Courses. English and French courses are fixed to specific semesters; the remaining University courses (Civics & Ethics, Law & Governance, Entrepreneurship, Sports, and Logic) may be taken in any semester from Year 1 to Year 3, subject to departmental advice and timetable constraints.

9.1 Language Courses (Fixed Semester Placement)

Code	Course Title	Credits	Semester	Status
ENG 101	Use of English I / Functional English I	2	1	University
FRE 101	Functional French I	2	1	University
ENG 102	Use of English II / Functional English II	2	2	University
FRE 102	Functional French II	2	2	University

9.2 Flexible University Courses (Any Semester, Years 1–3)

Code	Course Title	Credits	Status
CVE 100	Civics and Ethics	2	University
LAW 100	Law and Governance	2	University
ENT 200	Entrepreneurship and Innovation	2	University
SPT 100	Sports and Physical Education	1	University
LOG 100	Logic and Critical Thinking	2	University

Total University Required Credits: approximately 15–17 credits. These courses are fully integrated into the semester-by-semester curriculum tables of each Professional BSc programme presented in the subsequent sections.

10. DEPARTMENT OF ACCOUNTING

10.1 Vision of the Department

To be the preferred source of professionally trained, ethically grounded accountants and financial managers for employers in Cameroon, the CEMAC region and beyond.

10.2 Mission of the Department

To educate accounting students and practitioners through a blend of rigorous theory, cutting-edge technology, real-life case experience and professional ethics, thereby developing outstanding leadership and technical skills suited to a competitive global environment.

10.3 Professional Bachelor of Science in Accounting

Duration: Three (3) academic years (six semesters). Minimum credits for graduation: 180.

Programme Aims: To equip graduates with detailed knowledge of financial accounting, financial reporting, auditing, taxation, cost and management accounting, and financial statement analysis, together with information-technology skills that enable confident use of accounting software and analytical tools.

Year One – First Semester

Code	Course Title	CV	Status	L	T	P

	SEMESTER TOTAL	**36**				

Grand Total Credits for Professional BSc Accounting: approximately 191 credits (exceeding the minimum 180-credit requirement). Status Key: C = Compulsory, E = Elective, U = University Required.

10.4 Selected Course Descriptions – Professional BSc Accounting

ACC 201: Financial Accounting I (6 Credits) – Introduces the fundamental concepts, principles and procedures of financial accounting, including the accounting equation, double-entry system, journals, ledgers, trial balance and preparation of basic financial statements. Students learn the accounting cycle and the qualitative characteristics of useful financial information.

ACC 202: Financial Accounting II (6 Credits) – Builds on ACC 201 with bank reconciliations, petty cash, inventory valuation methods (FIFO, weighted average), depreciation, provisions, and the preparation and analysis of financial statements for sole traders and partnerships.

ACC 301: Cost and Management Accounting (6 Credits) – Covers cost classification, inventory costing, full costing and direct costing methods, break-even analysis, standard costing, budgetary control and the preparation of operating budgets.

ACC 303: Financial Reporting (6 Credits) – Focuses on the conceptual framework of financial reporting, preparation of statement of financial position, comprehensive income, changes in equity and cash flows, and an introduction to financial statement analysis and IFRS.

ACC 302: Tax Accounting (6 Credits) – Examines the Cameroonian tax framework, computation of personal and corporate income tax, value-added tax, tax planning, ethical issues in taxation and practical tax declaration procedures.

ACC 412: Industrial Internship / Practicum (6 Credits) – A supervised placement of not less than 180 hours in an accounting, audit, tax or finance department of a recognised organisation. Students maintain a logbook, produce an internship report and undergo oral assessment.

ACC 498: Research Project (12 Credits) – Independent supervised research culminating in a written dissertation and oral defence before a panel.

10.5 BSc Accounting (Top-Up) – One Year

Designed for holders of HND or equivalent in Accounting or related fields. Total credits: 68.

Code	Course Title	CV	Status	L	T	P
ACC 401	Advanced Financial Accounting	6	C	40	10	0
ACC 403	Advanced Management Accounting	6	C	40	10	0

MGT 401	Business Research Methods	6	C	40	10	0
ACC 402	Advanced Financial Accounting II	6	C	40	10	0
ACC 404	Auditing and Assurance Services	6	C	40	10	0
ACC 406	Corporate Governance & Business Law	6	C	40	10	0
ACC 498	Research Project	12	C	0	20	100
	GRAND TOTAL	**60+**				

10.6 Master of Science in Accounting

Duration: Two years (four semesters). Total credits: 108 (including 30-credit Thesis).

Core courses include Advanced Financial Accounting I & II, Advanced Management Accounting, Taxation, Accounting Theory & Professional Ethics, Auditing & Assurance, Corporate Governance & Business Law, Research Methods, Public Sector Accounting, Forensic Accounting, Strategic Performance Management, Accounting Information Systems & Data Analytics, Contemporary Issues Seminar, and the Master's Thesis (ACC 698).

11. DEPARTMENT OF BANKING AND FINANCE

11.1 Vision and Mission

Vision: To be a leading centre for the education of innovative, ethical and competent banking and finance professionals who drive financial inclusion and economic growth in Cameroon and the CEMAC region.

Mission: To provide rigorous, practice-oriented education and research in banking, corporate finance, investment analysis, risk management and financial markets, preparing graduates for leadership roles in financial institutions, corporate treasuries and regulatory bodies.

11.2 Professional Bachelor of Science in Banking and Finance

Duration: Three years (six semesters). Minimum credits: 180. University required courses (ENG, FRE, Civics, Law & Governance, Entrepreneurship, Sports, Logic) are fully integrated as in the Accounting programme.

Key departmental courses include: Financial Accounting I & II, Principles of Micro- and Macroeconomics, Business Mathematics, Corporate Finance I & II, Practice of Banking, Cost & Management Accounting, Business Statistics, Business Law (OHADA), Financial Markets & Institutions, Credit Analysis & Management, Principles of Insurance, Industrial Attachment, International Finance, Financial Risk Management, and Research Project.

11.3 BSc Banking and Finance (Top-Up)

One-year programme (approximately 68–72 credits) for HND holders. Core courses: Corporate Finance, Management of Financial Institutions, Investment Analysis & Portfolio Management, Financial Markets & Instruments, Financial Law & Ethics, Business Research Methods, Financial Statement Analysis, Credit & Financial Risk Management, International Finance, Professional Practice & Seminar, and Research Project.

11.4 Master of Science in Banking and Finance

Two-year programme (108 credits). Advanced courses cover Advanced Corporate Finance, Investment Analysis & Management, Money, Banking & Financial Markets, Financial Econometrics, Bank Management & Operations, Financial Derivatives & Risk Management, Financial Reporting & Analysis, Research Methods, Portfolio Theory, International Finance, Financial Regulation & Ethics, FinTech & Financial Innovation, Contemporary Issues Seminar, and Master's Thesis (BFN 698).

12. DEPARTMENT OF MANAGEMENT

12.1 Professional Bachelor of Science in Management

Duration: Three years. Minimum 180 credits. The curriculum integrates University required courses and builds progressive competence in principles of management, organisational behaviour, human resource management, marketing, financial management, operations management, entrepreneurship, strategic management, international business, project management, business ethics & corporate governance, and culminates in a practicum and research project.

Semester structure follows the same University-course integration pattern illustrated for Accounting. Industrial attachment (MGT 306 – 12 credits) and Research Project (MGT 498 – 12 credits) are compulsory professional components.

12.2 Master of Science in Management

Two-year programme. Core modules: Managerial Theories & Practice, Managerial Finance, Marketing Management, Managerial Economics, Human Resource Management, Operations & Supply Chain Management, Managerial Accounting & Control, Business Research Methods, Strategic Management, International Business Management, Entrepreneurship & New Venture Creation, Business Ethics & Corporate Governance, Contemporary Issues Seminar, and Master's Thesis (MGT 698 – 30 credits).

13. DEPARTMENT OF HUMAN RESOURCE MANAGEMENT

13.1 BSc Human Resource Management (Top-Up)

One-year Top-Up programme for HND holders in HRM, Management or related fields. Total credits approximately 68. Core courses: Strategic Human Resource Management, Labour Law & Industrial Relations, Organisational Behaviour & Development, Recruitment, Selection & Talent Management, Business Ethics & Corporate Governance, Business Communication & Reporting, Performance & Compensation Management, Training, Development & Career Planning, Human Resource Information Systems (HRIS), and Research Project in HRM (12 credits).

13.2 Master of Science in Human Resource Management

Two-year programme (108 credits). Advanced courses include Strategic HRM, Organisational Behaviour & Theory, Talent Acquisition & Management, Labour Law & Industrial Relations, Performance & Compensation Management, Training, Development & Career Management, Research Methods for Social Sciences, HR Metrics & Analytics, Organisational Development & Change Management, International HRM, HRIS, Employee Counselling & Workplace Psychology, Contemporary Issues Seminar, and Master's Thesis (HRM 698 – 30 credits).

14. DEPARTMENT OF PROJECT MANAGEMENT

14.1 BSc Project Management (Top-Up)

One-year professional Top-Up programme. Core courses: Principles of Project Management, Project Scope & Time Management, Project Cost & Financial Management, Organisational Behaviour & Stakeholder Management, Business Law & Contract Management, Advanced Professional Communication, Project Risk & Quality Management, Agile Project Management & Scrum, Project Management Software & Tools (MS Project), Professional Practice & PMP® Exam Preparation, and Research Project (12 credits). Total credits approximately 70.

14.2 Master of Science in Project Management

Two-year programme. Advanced modules: Principles of Project Management, Project Finance & Budgeting, Organisational Strategy & Project Selection, Project Scope, Time & Cost Management, Project Risk Management, Project Procurement & Contract Management, Research Methods, Agile & Hybrid Project Management, Program & Portfolio Management, Stakeholder & Communications Management, Project Quality & Performance Management, Contemporary Issues Seminar, and Master's Thesis (PJM 698 – 30 credits). Total: 108 credits.

15. DEPARTMENT OF TRANSPORT AND LOGISTICS

15.1 Vision and Mission

Vision: To be a leading centre for transport and logistics education in Central Africa, producing innovative professionals who design, manage and optimise the supply chains vital for economic development and regional integration.

Mission: To advance the science and practice of logistics by developing supply-chain leaders, fostering efficiency and innovation, and connecting Cameroon to global markets through rigorous, industry-focused education.

15.2 Professional Bachelor of Science in Transport and Logistics

Duration: Three years (six semesters). Minimum 180 credits. University required courses are integrated as in other Professional BSc programmes.

Key courses include: Principles of Logistics & Supply Chain, Principles of Management, Micro- and Macroeconomics, Business Mathematics, Introduction to Transport Systems, Warehouse Management, Procurement & Sourcing, Transport Economics, Inventory Management, Freight Forwarding & Customs Procedures, Logistics Information Systems, International Logistics & Trade, Port & Terminal Management, Air & Maritime Transport Management, Strategic Supply Chain Management, Green Logistics & Sustainability, Industrial Internship (180+ hours), and Research Project.

15.3 BSc Transport and Logistics (Top-Up)

One-year programme (approximately 68 credits). Core courses: Principles of Supply Chain Management, Transport Economics & Policy, Procurement & Inventory Management, Warehouse & Distribution Management, Business Law & Contracts, Professional Communication & Negotiation, International Logistics & Freight Forwarding, Logistics Information Systems & Technology, Quality Management & Performance Metrics, Professional Practice & Seminar, and Research Project (12 credits).

15.4 Master of Science in Transport and Logistics Management

Two-year programme (108 credits). Advanced courses: Strategic Supply Chain Management, Transport Economics & Policy, Quantitative Analysis for Logistics, Managerial Finance for Logisticians, Global Procurement & Sourcing, Warehouse & Distribution Management, International Trade & Freight Operations, Research Methods, Maritime & Port Management, Air Cargo & Aviation Management, Green Logistics & Sustainable Supply Chains, Logistics Information Systems & Data Analytics, Contemporary Issues Seminar, and Master's Thesis (TML 698 – 30 credits).

16. ACADEMIC STAFF PROFILE

The School of Social and Management Sciences is staffed by a qualified team of academics holding terminal degrees (PhD) and relevant Master's degrees, many with substantial professional experience in industry, consultancy and higher education. The following indicative list demonstrates the intellectual and professional capacity available to deliver the programmes to the standards expected by the University of Buea.

S/N	Name	Qualification	Area of Specialisation	Experience	Status
1	Dr. Nkwelle Pierre Fotso	PhD	Financial Accounting & IFRS	12 years	Senior Lecturer
2	Dr. Acha Rose Mbella	PhD	Management Accounting & Control	10 years	Senior Lecturer
3	Dr. Ewang Paul Mbu	PhD	Corporate Finance & Banking	9 years	Lecturer
4	Dr. Ashu Diane Nkong	PhD	Banking, Financial Markets & Risk	8 years	Lecturer
5	Dr. Ndip Besong Charles	PhD	Investment Analysis & Portfolio Mgmt	7 years	Lecturer
6	Dr. Tchouamou Christian D.	PhD	Strategic Management & OB	11 years	Senior Lecturer
7	Dr. Maimo Modesta E.	PhD	Human Resource Management	9 years	Lecturer
8	Dr. Baiye Martina N.	PhD	Organisational Behaviour & Change	8 years	Lecturer
9	Dr. Fuanji Esau K.	PhD	Business Law (OHADA) & Governance	10 years	Senior Lecturer
10	Dr. Ebai William Egbe	PhD	Project Management & Operations	9 years	Lecturer
11	Dr. Nkai Gideon T.	PhD	Supply Chain & Logistics Management	8 years	Lecturer
12	Dr. Hawel Akanimoh S.	PhD	Transport Economics & Port Mgmt	7 years	Lecturer
13	Dr. Naousi Jordan M.	PhD	FinTech, Data Analytics & AIS	6 years	Lecturer
14	Dr. Lyonga Josephine A.	PhD	Research Methods & Statistics	12 years	Senior Lecturer
15	Dr. Achu Ruth Meshi	PhD	Curriculum & Higher Education	10 years	Senior Lecturer
16	Mr. Mbahku Mike Gaius	MSc / MPhil	Human Resource Management	8 years	Assistant Lecturer
17	Mrs. Mbome Karl Stephen	MSc	Human Resource & Industrial Relations	7 years	Assistant Lecturer
18	Mr. Pembe Miriam N.	MSc	Software Eng. & Accounting Systems	6 years	Assistant Lecturer
19	Mrs. Yougui Danielle S.	MSc	Business Statistics & Econometrics	5 years	Assistant Lecturer
20	Mr. Fube Emmanuel	MSc	Information Systems & Data Analytics	7 years	Assistant Lecturer

Note: The Institute welcomes collaborative teaching and external examination support from the University of Buea in specialised areas. Additional part-time practitioners from industry (banks, audit firms, logistics companies, HR consultancies) are engaged for professional seminars and internship supervision.

17. QUALITY ASSURANCE AND CONTINUOUS IMPROVEMENT

The School maintains a robust quality-assurance framework aligned with the standards of the University of Buea and the Cameroon Ministry of Higher Education. Key elements include:

- Regular curriculum review involving academic staff, industry advisory boards and student representatives.
- External moderation of examination papers and scripts.
- Student evaluation of teaching at the end of each semester.
- Peer review of teaching and research.
- Annual programme self-assessment reports submitted to the University of Buea.
- Continuous professional development for academic staff.
- Strict adherence to ethical research and academic integrity policies.

18. CONCLUSION

This Handbook presents a coherent, comprehensive and professionally rigorous set of degree programmes designed to meet the highest academic and professional standards. The integration of University-required courses, clearly tabulated curricula with credit values, substantial internship and research components, in-depth course descriptions, and a qualified academic staff profile demonstrate the seriousness, capacity and readiness of American Ditek University Institute to deliver these programmes under the academic oversight of the University of Buea.

The School of Social and Management Sciences looks forward to a fruitful partnership and the formalisation of the Memorandum of Understanding that will enable these programmes to be offered for the benefit of students, employers and the socio-economic development of Cameroon.
